

Researchers at Queen's University want to learn about  
**HOW DO ADOLESCENTS WHO USE AUGMENTATIVE AND ALTERNATIVE  
COMMUNICATION LEARN HOW TO SPELL FOR COMMUNICATION**

We invite you to take part if:

**You are between 10-19 yrs of age**

**Your caregiver/parent or sibling is  
willing to participate with you**

**You have a physical disability**

**You use AAC**

**You live in Canada or the United States**

This study can take place at your home or at Queen's University and will involve you interacting with your caregiver over 2-3 sessions.

**There is a \$100 honorarium per adolescent for  
participating in the study**

**For more information contact  
Paulina Finak at  
18pmf@queensu.ca or  
Dr.Batorowicz at  
beata.batorowicz@queensu.ca**
